

MCD

Q4 24 - sell -0.5 sentiment. (why: sales went down; revenue asw; EPS diluted down; net income and Current +total assets down; long term debt up. No guidance)
Feb 10, 2025

Q4 25 - buy 0.3 sentiment (why: good numbers but guidance isn't great and tone is not as optimistic as needed but still good)
Feb. 11, 2026

Q1 26 - hold 0.2 sentiment (why: slight increase in sales and revenue and EPS but challenging environment so unsure about future. too many concerns)
May 7, 2026

AAPL

Q3 25 - sell -0.3 sentiment (why: tariffs costs; revenue and EPS are up but gross profit margin is down and expenses up. selling bcs tariffs)
July 31, 2025

Q4 25 - buy 0.3 sentiment (why: revenue up; guidance is good and seems more certain than previous quarter. numbers look better)
Oct. 30, 2025

Q1 26 - buy 0.5 sentiment (why: revenue is up; numbers are great (better than two previous quarters))
January 29, 2026

KO

Q2 2025 - hold 0.2 sentiment (why: adverse weather conditions not great so recovery might not be good right now; growth expanded but Asia's volume is down. so hold)
July 22, 2025

Q4 2025 - sell -0.3 sentiment (why: leadership transition so added risk; Asia's volume and revenue still down and uncertainty so sell.)
Feb. 10, 2026

Q1 2026 - buy 0.3 sentiment (why: Asia's volume and revenue finally up; revenue up as well and EPS up 18%; optimistic tone so buy)
April 28, 2026

IBM

Q2 2025 - buy 0.4 sentiment (why: revenue up 8% you; profit is up and G profit margin + EPS asw. numbers look great and tone is optimistic)

July 23, 2025

Q4 2025 - buy 0.5 sentiment (why: same as Q2; numbers look great; tone is optimistic and growth is seen and expected; good guidance so buy)

Jan. 28, 2026

Q1 2026 - hold 0.2 sentiment (why: numbers are great but Middle East worries even though didnt affect Q1 as we saw higher growth in the ME than in decades so uncertainty but some confidence so hold)

April 22, 2026

NKE

Q1 2025 - sell -0.5 sentiment (why: new CEO; said bouncing back takes time; revenue down 10% and diluted EPS down 26%; no outlook for next quarter or year)

October 1, 2024

Q2 2025 - sell -0.3 sentiment (why: still with new CEO so lots of changes being implemented and some chaos; revenue still down but slightly getting better hence the less aggressive sentiment score)

Dec 19, 2024

Q3 2025 - sell -0.5 sentiment (why: numbers are not looking good at all; CEO said not satisfied with the results so very cautious and non optimistic tone)

Mar 20, 2025

LULU

Q3 2025 - sell -0.4 sentiment (why: tariffs; numbers are down in Americas; CEO changing so expected uncertainty)

December 11, 2025

Q4 2025 - sell -0.3 sentiment (why: numbers are still down and guidance for next year is that gross margin is expected to go down)

March 17, 2026

Q1 2026 - sell -0.3 sentiment (why: very cautious and non optimistic language; new CEO; anticipated decline)

June 4, 2026
